POPPIK

NOTRE MISSION OUR MISSION

Chez Poppik, nous croyons que le monde est passionnant, qu'il est une source inépuisable de joies et de découvertes. Pour que les enfants d'aujourd'hui deviennent les acteurs éveillés du monde de demain, nous voulons développer leur curiosité et élargir leur univers. Nous voulons nourrir leurs passions et assouvir leur soif d'apprendre. Nos fameux posters à sticker sont une activité unique où les enfants voient se déployer un bel univers dont ils sont les petits ouvriers. Aujourd'hui, Poppik élargit son offre : nous distribuons une large gamme de produits ludiques, intelligents et esthétiques, conçus par des marques le plus souvent françaises qui partagent nos valeurs.

At Poppik, we believe that the world is an exciting and an inexhaustible source of joy and discovery. We produce smart craft activities for all ages, and design our products as fun and engaging fusions of puzzle and mosaic-by-numbers, with artistic and educational themes to inspire knowledge & creativity. Poppik products promote curiosity, motor skills, concentration and autonomy, with enjoyable and pleasing activities that can be shared.

La marque Poppik a été imaginée par Delphine Badreddine et Françoise Baglin, deux spécialistes des produits pédagogiques, éducatifs et artistiques. Elles conçoivent leurs produits comme un voyage culturel à travers les images et les couleurs, et comme une ouverture à la diversité du monde. *The Poppik brand was created in 2016 by two cultural and educational product experts, Delphine Badreddine and Françoise Baglin. They imagined their products as a cultural journey where colors and pictures are used to introduce the user to the diversity of the world.*

C'EST QUOI, UN POPPIK ? WHAT'S A «POPPIK»?

Un Poppik, c'est un grand poster pédagogique à déplier que l'enfant complète avec de grands stickers repositionnables. Chaque Poppik permet d'acquérir des connaissances sur un sujet passionnant : animaux, géographie, histoire, sciences, corps humain, cultures du monde...

A Poppik is a large educational poster to unfold, which the child completes with large, repositionable stickers. Each Poppik provides knowledge on a fascinating subject: animals, geography, history, science, human body, world cultures ...
